

Supportive family feel where parents are kept well informed

We use a communication tool called Class Dojo to create a link between school and home. Class Dojo is a school communication platform that teachers, children and families use every day to build close-knit communities by sharing what's being learned in the classroom and home through photos, videos, and messages.

Class Dojo is a way for parents to connect with their class teacher at a time convenient for themselves and to keep up to date with everything that the school is doing. Parents can connect via a mobile device, tablet or computer to keep connected with the school.

During recent times, Class Dojo has been a fantastic way for teachers to set, comment and assess remote learning.
