

Computing **Sequence in Music**

Introducing scratch
Programming Sprites
Sequencing
Ordering commands

History **The War of the Roses**

What was the war of the
Roses? Who were Henry
VI and Edward IV? Richard
III and the princes in the
tower, the Battle of Bos-
worth, Henry VII and the
Tudors.

English **Explanation** Why dragons are extinct

Dear Greenpeace –
Simon James

Change Story
The Mystery of the Hare
and the Moon

The Two Sisters (fairy
tale)

P.S.H.E. **Relationships**

I can reflect on expectations
for males and females. I can
put into practice some of the
skills of friendship. I can use
strategies for keeping safe. I
can explain how the work of
people help my life. I
understand how children
around the world share my
needs and rights.

Art & DT **Architecture**

Understand architecture
as the art of designing
buildings,
Understanding
symmetry and a line of
symmetry as it applies
to building,
Observe symmetry in
the design of buildings.

Year 3 - What your child will be learning about in Summer 1st 2022

Dear Parents and Carers,

It's much the same this half term: continue reading everyday and completing lots of AR tests, keep working hard on the 3,4 and 8 times tables (especially using the tackling tables app) and practise spellings each week. PE will stay on the same day for each class and homework should run from Friday to Friday. This will hopefully be the children's first full year for quite a while, we're really pleased with how well they're doing, this term we're trying to increase their independence further and work towards getting them ready for year 4. This will mean getting them to do as much as they can for themselves, both in and out of school, mastering key skills (like shoe laces!) and celebrating all of their successes.

Geography **Asia- Japan**

Landscape and location,
weather and climate,
feudal Japan, Japanese
culture, Japanese
architecture, comparison
of urban and rural Japan,
natural resources and
trade.

Science **Light and Optics**

The speed of light,
transparent and opaque
objects, reflection, mirrors:
plane, concave, convex,
use of mirrors in telescopes
and some microscopes,
using prisms, using lenses.

Maths Fractions Time

P.E. Unit 1: Tennis Unit 2: Gymnastics

French
Rigolo 1 – La famille
Identify family members,
recognise and spell
household items, use basic
prepositions to describe
position.

R.E. - Hinduism **Hindu Beliefs**

Theology Lens

Know how I can mean
different things to different
people, know Brahman is
represented by different
gods and is believed to be
in everything, know how
Hindus use deities at
home.
