# Year 4
# Homework Challenge – Autumn 2 2019

This term we have decided instead of setting a piece of challenge work weekly we will set a project each term based on our topic. This will run alongside the regular reading, spellings and maths that are set.

As we now have a knowledge based curriculum which focusses on individual subjects, your homework challenge will include an activity which will fit in with the topic you are learning about in that subject.

| **History** Research one of the Roman Emperors we have not studied in class | **Geography** Write a report on a Mediterranean country: you could include its flag, cities, landscape (e.g. rivers and mountains), food and farming | **English** Write an exciting adventure story |
|---|---|---|
| **Science** Research an important organ of the body (you could choose the brain, the heart or the lungs for example). Share how this organ works. | **Art** Draw or paint a 3-D object | **RE** Tell the first Christmas story – you could choose to tell the story as a comic strip, a written tale, or even in the format of an Advent Calendar. |

The challenge work for Term 2 is due in week beginning **16th December 2019** and during the week there will be time for each child to present their work and for it to be celebrated.

We will send home a book for this work, should your child wish to use, which will be called their '*Challenge book'.*  It is completely up to the children to decide how they want to record it. They could use photos, diagrams, drawings or something else! All we ask is that everyone has a go, so they all have something to share at the end of each half-term.

See http://www.learninglogs.co.uk/ for examples of how other children have recorded their work.

We are hoping the children will really enjoy this and we are looking forward to sharing their outcomes and interests. Please feel free to speak to us should you have any queries about this.

We thank you for your continued support
