

Year Reception Homework Challenge – Summer 1 2022

We are delighted to send you our 'Homework Challenge' for this half-term. This will run alongside the regular English and maths that are set.

<p>Can you create a lifecycle of an animal or plant. You can be as creative as you like in how this is presented.</p> 	<p>Can you find out about baby animals. You might even want to visit a duck pond or natural wildlife areas.</p> 	<p>Can you sow a seed or bulb and keep a diary of its growth? e.g. Day 1..., Week 2...</p> 
<p>Find out about the lives of children in the past who lived and worked on farms.</p> 	<p>An activity of your choice!</p>  <p>Must be linked to our topic.</p>	<p>Can you go on a walk around your local area and identify trees and plants. You may like to use an identification book/app/website.</p> 

The challenge work for this half-term is due in **Monday 23rd May 2022** and during the week there will be time for each child to present their work and for it to be celebrated.

We will send home a book for this work, should your child wish to use, which will be called their 'Challenge book'. It is completely up to the children to decide how they want to record it. They could use photos, diagrams, drawings or something else! All we ask is that everyone has a go, so they all have something to share at the end of each half-term.

See <http://www.learninglogs.co.uk/> for examples of how other children have recorded their work.

We are hoping the children will really enjoy this and we are looking forward to sharing their outcomes and interests. Please feel free to speak to us should you have any queries about this.

We thank you for your continued support.
