

## Year 4 Homework Challenge – Summer 1<sup>st</sup> 2018

This term we have decided instead of setting a piece of challenge work weekly we will set a project each term based on our topic. This will run alongside the regular reading, spellings and maths that are set.

Our topic this term is '**Man Vs Machine**' and the following are all ideas that tie in with the topic:

<p><b><u>Menu</u></b> Create a healthy menu. You could even cook these meals with the help of an adult and send in some pictures of you eating them.</p>	<p><b><u>Model or Diagram</u></b> Create a model or diagram about healthy eating. Explain which foods are better for us humans and why.</p>	<p><b><u>Write a story</u></b> About an encounter with a robot. How did you meet? What happened?</p>
<p><b><u>Robotics Research</u></b> Find out about a famous robot or inventor. Why are they famous? What did they invent?</p>	<p>An activity of your choice!</p>  <p>Must be linked to our topic.</p>	<p><b><u>Interview</u></b> Interview two adults about their favourite electronic toys when they were growing up.</p>

The challenge work for this half-term is due in **Monday 21<sup>st</sup> May 2018** and during the week there will be time for each child to present their work and for it to be celebrated.

We will send home a book for this work, should your child wish to use, which will be called their '*Challenge book*'. It is completely up to the children to decide how they want to record it. They could use photos, diagrams, drawings or something else! All we ask is that everyone has a go, so they all have something to share at the end of each half-term.

See <http://www.learninglogs.co.uk/> for examples of how other children have recorded their work.

We are hoping the children will really enjoy this and we are looking forward to sharing their outcomes and interests. Please feel free to speak to us should you have any queries about this.

We thank you for your continued support.
