

Year 4
Homework Challenge – Summer 2nd 2018

This term we have decided instead of setting a piece of challenge work weekly we will set a project each term based on our topic. This will run alongside the regular reading, spellings and maths that are set.

Our topic this term is '**Man Vs Robot**' and the following are all ideas that tie in with the topic:

<p style="text-align: center;"><u>Electrical safety</u></p> <p>Create a powerpoint about how to be safe with Electricity in the home.</p>	<p style="text-align: center;"><u>Model or Diagram</u></p> <p>Create a model or diagram to show how a bulb works.</p>	<p style="text-align: center;"><u>Top trumps</u></p> <p>Create a set of Top trumps with famous robots and humans, think about the skills and attributes you could give each.</p>
<p style="text-align: center;"><u>Invention</u></p> <p>Create an invention to help you at home or school. Write an information text and/or some instructions explaining how it works and how to use it.</p>	<p style="text-align: center;">An activity of your choice!</p> <div style="text-align: center;">  </div> <p style="text-align: center;">Must be linked to our topic.</p>	<p style="text-align: center;"><u>Persuasive writing</u></p> <p>Write a letter or design a poster to persuade people to use energy saving products.</p>

The challenge work for Term 2 is due in **Monday 9th July 2018** and during the week there will be time for each child to present their work and for it to be celebrated.

We will send home a book for this work, should your child wish to use, which will be called their '*Challenge book*'. It is completely up to the children to decide how they want to record it. They could use photos, diagrams, drawings or something else! All we ask is that everyone has a go, so they all have something to share at the end of each half-term.

See <http://www.learninglogs.co.uk/> for examples of how other children have recorded their work.

We are hoping the children will really enjoy this and we are looking forward to sharing their outcomes and interests. Please feel free to speak to us should you have any queries about this.

We thank you for your continued support.
