Children will look at mythical creatures and think about ways they can describe them within a non-chronological report.

Maths

Algebra

Finding missing values

Decimals (multiplying and dividing)

Measurement (length, width, perimeter, area)

Art & DT

Renaissance Architecture

The influence of classical sculptures and the architecture of Italy.

Year 6 - What your child will be learning about in Spring 1st

Dear Parents and Carers,

This term will be continuing with our new knowledge based curriculum which includes a range of fantastic topics, all outlined on this page. We will continue on with WWII in our history unit which follows nicely on from WWI and the Suffragettes. In science, we build on learning about plants which children have previously visited in Year 3 and in PE we are learning skills and tactics that we need to use to succeed in basketball.

Please ask your children what they have been learning about—they should be full of amazing facts and knowledge. If you need anything throughout this half-term, as always please let us know.

Miss Abbott and Mr Whiting.

Computing

Spreadsheets

Children will be learning how to display information in a spreadsheet and how it can help them.

History

The rise of Hitler and WW2

The Treaty of Versailles, the rise of the Nazi party, Life in Nazi Germany, Kristallnacht and the refugee crisis, the second world war.

PSHE

Dreams and goals

Learning about our strengths and setting goals. We will also be looking at the future and thinking about what we would like to do when we are older.

P.E.

Basketball

Children will learn key skills needed to succeed in basketball.

R.E.

Buddhism

Understanding how the religion of Buddhism was created.

Latin

A Soldier's Life

Children will learn about the lives of Roman soldiers and relevant language.
