Year 3
Homework Challenge – Autumn 2nd 2025

We are delighted to send you our 'Homework Challenge' for this half-term. This will run alongside the regular English and maths that are set.

Weather Diary Record the weather over a week and put it into a chart. Can you measure how much rain falls? What kinds of clouds can you see? How much sunshine is there?	**Western Europe** Put together an information booklet all about Western Europe. This could include a title cover, diagrams and at least one page of information for each country in Western Europe.	**Mythical Creature** Create your own mythical creature from Ancient Greece. You could draw it, sculpt it or write about it.
Religious Festivals Around the World Investigate how a different religion celebrates a special festival around the world. Record this as a newspaper report or create a special object that is involved.	ECO Create a winter themed decoration made out of recycled materials. e.g. snowflake, candle, pine tree or candy cane.	**Textiles** Design a pencil case using a specific textile material of your choice. We would like to see a labelled design as well as making the final piece.

The challenge work for this half-term is due in **Friday 12th December 2025** and during the week there will be time for each child to present their work and for it to be celebrated.

It is completely up to the children to decide how they want to record it. They could use photos, diagrams, drawings or something else! All we ask is that everyone has a go, so they all have something to share at the end of each half-term.

See http://www.learninglogs.co.uk/ for examples of how other children have recorded their work.

We are hoping the children will really enjoy this and we are looking forward to sharing their outcomes and interests. Please feel free to speak to us should you have any queries about this.

We thank you for your continued support.
