

4th September 2020.

Dear Parents and Carers,

Physical Education

I am writing to inform you of the precautions we will be taking in regards to physical education during this time.

To ensure the safety of adults and children we will adopt the following precautions:

- *Whenever possible, ensure sporting activities will happen outside*
- *Contact sports will not take place*
- *Ensure distance between participants is maximised*
- *Sanitise sports equipment before and after use*

Following external guidance, we will be asking children to wear sports kit on the day that they have physical education in order to limit the amount of bags being brought into school. Children will be allowed to wear a tracksuit if they wish.

The days that each class have been allocated times for physical education is indicated in the table below. Please be aware this will only be until half-term and will be regularly reviewed.
